

Applied Equipment

**ACCUTROL** – [accutrolllc.com](http://accutrolllc.com) – Dritical environment control system, air valves, fume hood controls, airflow measuring.

**ADDISON** – [addison-hvac.com](http://addison-hvac.com) – 100% Outdoor air systems DOAS, split systems DOAS, heat pumps

**ANNEXAIR** – [www.annexair.com](http://www.annexair.com) – Advanced energy efficient air handling systems

**BARD MANUFACTURING** – [bardhvac.com](http://bardhvac.com) – Wall and indoor mount air conditioners

**CAMBRIDGE AIR SOLUTIONS** – [cambridgeair.com](http://cambridgeair.com) – Industrial and commercial make up air units, evaporative cooling systems, heating systems, customizable products available

**CLIMACOOL** – [climacoolcorp.com](http://climacoolcorp.com) – Modular chiller systems, simultaneous heating and cooling heat pump chillers

**CLIMATE BY DESIGN** – [cdihvac.com](http://cdihvac.com) – Dedicated desiccant air-supply units provide low-humidity conditions necessary to maintain a dry environment. Food Processing, hospital and surgical suites, ice arena, mobile rental, etc.

**CLIMATECRAFT** – [climatecraft.com](http://climatecraft.com) – Innovative custom air handling units (AHUs) that are used to provide comfortable efficient environments

**CLIMATE-MASTER** – [climatemaster.com](http://climatemaster.com) Commercial geothermal and water source heat pumps

**DESERT AIRE** – [desert-aire.com](http://desert-aire.com) – Commercial, industrial, pool and residential dehumidifiers; high efficiency 100% OSA dehumidifiers with optional energy recovery wheel

**FRESH-AIRE UV** – [freshaireuv.com](http://freshaireuv.com) –UV light and carbon products that fight mold, bacteria, viruses and odors.

**FRIEDRICH** – [friedrich.com](http://friedrich.com) – Packaged terminal air-conditioning and heat pump units

**GREENHECK** – [greenheck.com](http://greenheck.com) – DOAS, make-up air units, kitchen hood systems, exhaust fans, controls and fire suppression systems

**HASTINGS** – [hastingshvac.com](http://hastingshvac.com) – Direct and indirect fired makeup air units, combination heating and cooling units, commercial air handlers, and gas fired duct furnaces

**HEAT PIPE TECHNOLOGY, INC.** – [heatpipe.com](http://heatpipe.com) – World leader in HVAC heat pipe applications with complete lines of dehumidification wrap-around as well as energy recovery heat pipes

**IEC FAN COILS** – [iec-okc.com](http://iec-okc.com) – Hydronic Fan Coil Units, horizontal and vertical fan coils units, modular hi-rise and belt driven fan coil units

**KINETICS NOISE CONTROL** – [kineticsnoise.com](http://kineticsnoise.com) – Vibration isolation and seismic restraints

**KLIMOR TSI** – [klimor.com](http://klimor.com) – Commercial and semi-custom modular air handlers for indoor or outdoor use. Design options include hydronic or DX coils, integral energy recovery, multi fan technology with multiple cabinet configuration to fit project needs

**NEPTRONIC** – [neptronic.com](http://neptronic.com) – DDC and stand alone unit controllers, BACnet/ModBus controllers, SCR/SSR controls, relay boards, static pressure controls, actuators and actuated valves

**QUANTECH** – [quantech-hvac.com](http://quantech-hvac.com) – Performance commercial air-cooled water-cooled, scroll condensing chillers

**RAE COIL** – [rae-coils.com](http://rae-coils.com) – Replacement steam coils, evaporator coils, booster coils, condenser coils, industrial coils

**RAPID ENGINEERING** – [rapidengineering.com](http://rapidengineering.com) – Direct-fired and indirect-fired make up air units

**REFTEKK** – [reftekk.com](http://reftekk.com) – Bendable copper piping and tools are the perfect solution to eliminate up to 75% of your brazed joints, significantly reduce your labor and material costs

**SAMSUNG HVAC** – [samsunghvac.com](http://samsunghvac.com) – Mini-splits, multi-splits, and full VRF line with up to 44 tons in single system all with the best engineering, software and warranty in the industry

**STULZ AIR TECHNOLOGY SYSTEMS** – [stulz.com/en-us](http://stulz.com/en-us) – Precision temperature and humidity control equipment for data centers, ultrasonic humidifiers

**TSI** – [tsi.com/home](http://tsi.com/home) – Fume/lab hood controllers (VAV and constant volume) room pressure monitors and controllers

**TEMPMASTER** – [tempmaster-hvac.com](http://tempmaster-hvac.com) – Commercial split systems, dedicated outside air system, packaged rooftop units, smart buildings

Air Distribution

**DUCTSOX** – [ductsox.com](http://ductsox.com) – Fabric air dispersion products and systems; architectural and cost efficient

**DURAVENT** – [duravent.com](http://duravent.com) – All-fuel, direct vent, gas, polypropylene, special gas vent, pressure stack, and grease dust ventilation products

**FLEXMASTER** – [flexmasterusa.com](http://flexmasterusa.com) – Flexible duct, high efficiency take-off fittings, round dampers, and access doors

**GREENHECK** – [greenheck.com](http://greenheck.com) – Fans, HVLS fans, ventilators, blowers, exhaust, energy recovery ventilators, make up air units, louvers, dampers, fire and smoke dampers

**JEREMIAS** – [jeremiasinc.com](http://jeremiasinc.com) – Commercial exhaust systems, silencers, freestanding chimney systems, ventilation towers and flue gas ducts.

**MARKEL** – [markel-products.com](http://markel-products.com) – Electric unit heaters, wall heaters, ceiling heaters, and hazardous heaters

**MONOXIVENT** – [monoxivent.com](http://monoxivent.com) – Welding and vehicle source capture systems, exhaust hose reels, collectors

**PHP SYSTEMS/DESIGN** – [phpsd.com](http://phpsd.com) – Pipe and equipment support services

**PLASTEC** – [plastecventilation.com](http://plastecventilation.com) – Manufacturer of polypropylene and stainless steel fans and accessories for use in highly aggressive environments

**PRICE** – [priceindustries.com](http://priceindustries.com) – VAV boxes, fan powered and reheat thermal boxes, fan coil units, wide variety of grilles, registers and diffusers, under floor systems, chilled beam

**YOUNG REGULATOR** – [youngregulator.com](http://youngregulator.com) – Sheet metal and duct specialties, VAV diffusers and dampers, motor-operated dampers, remote cable-operated dampers

Controls Components

**BADGER METER** – [badgermeter.com](http://badgermeter.com) – Commercial and industrial fluid and gas flow measurement products in addition to high-precision flow meter calibration services and portable measurement equipment

**EBTRON** – [ebtron.com](http://ebtron.com) – Air flow measuring technologies, thermal dispersion products to measure air flow for outside air intakes, fan intakes, duct probes, and bleed sensors

**AERCO** – [aerco.com](http://aerco.com) – Condensing boilers and high-efficiency water heaters

**THE DETECTION GROUP** – [thedetectiongroup.com](http://thedetectiongroup.com) – FM approved wireless water leak detection with cloud based 24/7 monitoring

**JJM ALKALINE TECH** – [jimalkalinetech.com](http://jimalkalinetech.com) – Design and manufacture of condensate neutralizers for a variety of applications

**IMI HYDRONIC ENGINEERING** – [imiflowdesign.com](http://imiflowdesign.com) – Pressurization, safety valves, dirt separation, degassing products, balancing, control, and actuators, thermostatic control, etc.

**LYNC** – [lyncbywatts.com](http://lyncbywatts.com) – Commercial heat pumps, water heater solutions, water quality solutions

**TRERICE** – [trerice.com](http://trerice.com) – Temperature and pressure instrumentation and controls. Pressure gauges, control valves, etc.
